

Troy Reassessment Project Press Release

GAR Associates would like to take this opportunity to thank all City of Troy property owners for their continued participation in the Citywide Reassessment Project. The workshops that have been held to date were well attended. Based upon property owner feedback, the workshops conducted proved to be very informative and useful. Therefore, an additional workshop will be held in an effort to educate property owners who were unaware of or unable to attend the previous workshops. To make a reservation for this workshop, please call (866) 910-1776, or log onto <http://appointments.garappraisal.com>. Lastly, we would like to note that GAR Associates will be holding these same workshops with various neighborhood association groups throughout the community. Your continued involvement in the Citywide Reassessment Project is strongly encouraged and most greatly appreciated.
